YEAR 13 COMMENTS

“It is just as important to have creativity as physical activity in the curriculum, and the art department is the ultimate expression of that. The amazing staff and supportive environment allows for expressive freedom that makes the school worth attending .”

“The art department has such a calm and welcoming environment, it’s such a fun environment to be in and the teachers all encourage the most fun and experimentative things to do”

“I am allowed and encouraged to explore whatever interests me and I am introduced to new concepts and mediums all the time. We are given freedom but also support.”

“the art department is a very supportive and welcoming place and there is also so much freedom”

“The art department is a very friendly and open place”

“Art A level at Latymer gives you the freedom to do what you want. All mediums and forms are open to you”

“ Art is by far the most fun subject and I love it, not even biased because my other subjects are STEM”
